Dear Spyder Owner,

A big part of owning a vehicle like the Spyder is the community aspect of it. Riding something as unique as the Spyder gives a common interest to share among diverse individuals. Even though there are owner events, they don't happen very frequently and tend to be far away. Jim Potts Motor Group has hosted a number of community rides and has been listening to rider requests. The biggest request has been to create a local Spyder community for riders to gather and plan out charity and social events.

Jim Potts Motor Group has worked with Al (Papa) Rosenberg to coordinate the first meeting this January 21st at 11:30 AM. This meeting will take place at Jim Potts Motor Group (1033 Wanda Lane, Woodstock, IL, 60098) and is the first of many. This initial meeting will help create some guidelines for the group such as:

- If the club will be formal or informal
- What positions will need to be filled
- What the main purpose of the club will be
- When the next meetings will be
- Where we go next with the group
- Gathering riders for Spyderfest

If you would like to help decide the direction of this group, this is the opportunity to have your voice heard. Here is a great chance to really make a difference and possibly help the community. Do you want the opportunity to plan a cancer ride? Maybe you just want to plan a fun ride and BBQ with some great people. Either way, this is your chance to actually put those plans in motion. By coming to this meeting, you will help pave the road for future Spyder riders in the area.

So whether you just bought your Spyder, or you are a seasoned Spyder rider, owning a Spyder is just as much about the community as it is the vehicle. When it comes to the Spyder, the ride says it all, but the people make the stories. Come to Jim Potts Motor Group (1033 Wanda Lane, Woodstock, IL, 60098) on January 21st at 11:30 AM and start sharing your stories and writing new ones.

Sincerely,

Jim Potts
